

Maisy

I am now 19 months old. I am in a holding pattern waiting to find out if I will be a breeder or a Guide Dog. Either way I will be happy! These last 3 months have been very different as we have been mostly home. I love having my family home! I still have been doing lots of training including training our new puppy!

Thank you Potomac Air Lodge 1976 for sponsoring me!!

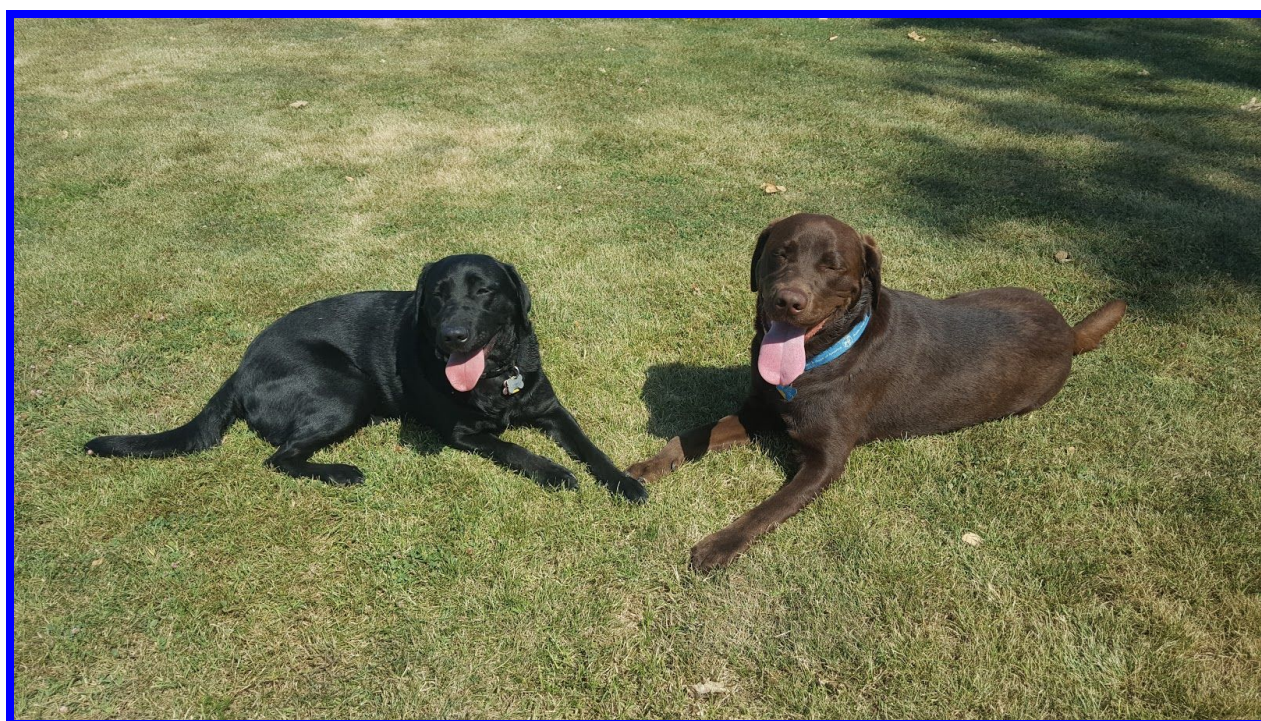

Always having fun!

I took a trip to the cabin in Big Bear. I loved it!

I said goodbye to my brother Marco. He went into formal training in July.
He will do amazing things!

So lucky! We saw Santa in July!

Excellent self control. I am practicing "leave it".

My favorite toy.

I will always try anything. Here I am telling Pismo that it's OK, to try the new skateboard Derek made.

I still love to play with my bestie, Pirate. Here we are in his treehouse.

Fun at the beach! I still love to be on the water!

Usually Pismo is snuggling with me but sometimes I like to snuggle with her too! We do a lot of snuggling!!!

I love to snuggle with my people too!!

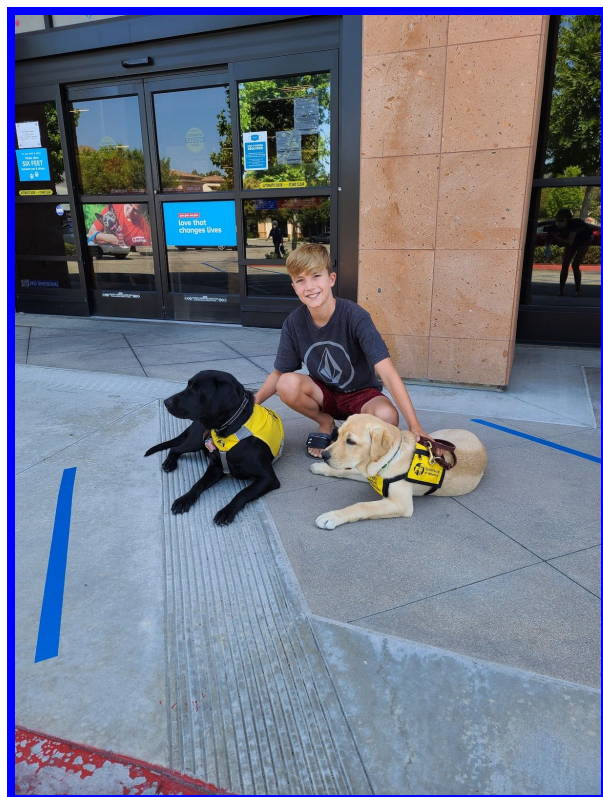

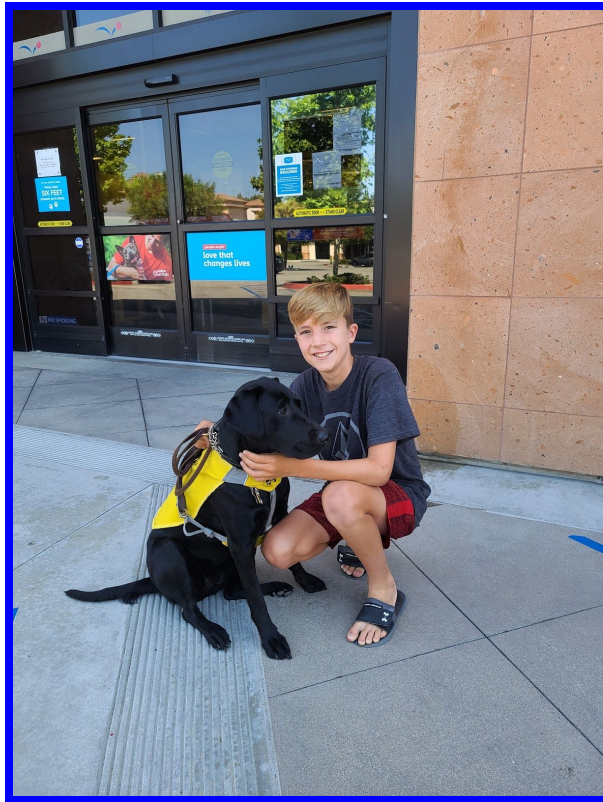

Happy 4th of July!! I was not bothered by any of the loud sounds or noises!

Mom babysat another Guide Dog, I thought it was a blast but Cali thought it was too many dogs!!

Finally a trip out to the store! I didn't forget a thing and was very well behaved!!

Thank you Potomac Air Lodge 1976 for sponsoring me! I will
continue to make you proud!!
